

## SPONSORSHIP OPPORTUNITIES

*Following the success of our first TECH-X (Technical Excellence Conference), we are excited to announce its return, bigger, bolder, and even more inclusive. Designed to bring together multiple disciplines across the lighting sector.*

The event will once again include involvement from partner associations, who will deliver presentations and host exhibition spaces. Association members will be invited at the same price as LIA members, ensuring an open, collaborative atmosphere.

By supporting TECH-X, your organisation will stand at the forefront of the lighting sector. Sponsorship provides direct access to a captive audience of decision-makers, boosts your visibility, and cements your reputation as a key industry supporter. Don't miss this chance to showcase your expertise and leave a lasting impression.

If you have any questions, don't hesitate to get in touch with Meg Henshaw at [MEGANH@THELIA.ORG.UK](mailto:MEGANH@THELIA.ORG.UK).
