AT THE HEART OF LIGHTING

ICEL (INDUSTRY COMMITTEE FOR EMERGENCY LIGHTING) IS A DIVISION OF THE LIA SPECIALISING IN PROVIDING INDUSTRY SUPPORT FOR EMERGENCY LIGHTING REQUIREMENTS.

The Lighting Industry Association (The LIA) is the United Kingdom's leading trade association representing the lighting sector and its supply chain. Guided by The C.A.S.E. for The LIA (Compliance, Advocacy, Sustainability, and Education) these four pillars define the Association's purpose and demonstrate its ongoing commitment to members and the wider lighting community. The LIA badge is a recognised mark of quality, integrity, and technical excellence. Membership is earned through rigorous assessment, including entry audits, random product evaluations, and ongoing reviews to ensure the highest standards are upheld across an ever-changing marketplace. LIA Membership and Certification signify trust, assurance, and excellence in lighting solutions.
