

COURSE SCHEDULE

The Lighting Industry Academy, as part of the LIA offer a wide range of courses for the Lighting Community at our new purpose built Academy in Telford and at locations easily accessible in the South East, close to London. In-house training is also available on request.

Our most popular courses are scheduled 6 months in advance, although new courses and more dates are constantly being added. Our initial course schedule up till the end of 2018 can be found below. All course dates and full course details are available on our website or contact our Academy team.

Lighting Application and Design

The Lighting Industry Association has a long and proven track record delivering courses in Lighting Application and Design. The LIA Certificate Courses have the reputation of providing a 'grounding in lighting' for a wide audience, and have been the catalyst for many long and successful careers in lighting.

Following substantial investment, the Certificate course was fully revised in 2017 as modularised learning.

The revised Advanced Certificate courses are now available.

Course	Cost		Date/Venue					
	Member	Non-member	July	August	September	October	November	December
LIA Certificate								
An industry recognised suite of learning for those working in the lighting community, and others embarking on a career that involves lighting. The fully revised LIA Certificate material is structured as modules that can be taken together, or separately, to suit the needs or experience of the learner. To be awarded the LIA Certificate learners must complete all three modules and a project. The modules can be attended on consecutive days or spread over a longer period but the learning and project should be completed within a 6 month window.								
LIA Certificate The complete Certificate course provides a recognised grounding in lighting and comprises the 3 modules below and a project	£895 +VAT	£1125 +VAT	South 23 rd – 27 th	-	LIA Telford 3 rd – 7 th	South 22 nd – 26 th	LIA Telford 19 th – 23 rd	South 10 th – 14 th
Lighting Fundamentals Looking at basic principles of light and lighting, including how light is produced, vision, terminology, photometric data	£545 +VAT	£695 +VAT	South 23 rd & 24 th	-	LIA Telford 3 rd & 4 th	South 22 nd – 23 rd	LIA Telford 19 th & 20 th	South 10 th & 11 th
Light Sources and Luminaires available for lighting design, including, types of light source, advantages & disadvantages construction & classification	£325 +VAT	£375 +VAT	South 25 th	-	LIA Telford 5 th	South 24 th	LIA Telford 21 st	South 12 th
Lighting Design lighting design considerations, including, planning a layout, maintenance & replacement, use of colour and control	£345 +VAT	£395 +VAT	South 26 th	-	LIA Telford 6 th	South 25 th	LIA Telford 22 nd	South 13 th
